

All That I Am:

Verse I:

All that I am is nothing
All that I am is a dream
All that I am is something
That is not as it seems

Verse III:

All that I am is human
All that I am is a spring
All that I am is layman
Who's beyond being king

Verse V:

All that I am is darkness
All that I am is of sin
All that I am is fearless
In my hope to amend

Verse VII:

All that I am is living
All that I am is to die
All that I am is giving
All of which a vision cries

Chorus:

I am of all I can see
All that I am I shall breathe
to be real
I am of all I can be
All that I am I will live
to be free

Verse II:

All that I am is water
All that I am is the light
All that I am is matter
That is music and might

Verse IV:

All that I am is pleasure
All that I am is the pain
All that I am is treasure
That brings life to life again

Verse VI:

All that I am is mercy
All that I am is to trust
All that I am is beauty
In the eyes of the just

Verse VIII:

All that I am is being
All that I am is to love
All that I am is freeing
All the music above

Coda:

All that I am I am all that I will be
