

Lakshmi Pt. II:

Verse I:

Lakshmi moves
in fragile twilight
where the moon paints her face
Dance for me
with grace and beauty
of the whole global race

Bridge:

Take my soul and lead me home
beyond the earth and the sea
Break this vision of what is real
and reveal what is to be

Verse III:

Come to me
as nature's blessing
come to me as you'll be
Walk the ways
that few have chosen
walk the path born of me

The Breath of Life

Verse II:

Starlit sky
shines down upon her
smiling eyes charm me near
Save me from
this darkest hour
save me from my own fear

Chorus:

A breath of life brings
hope and promise
Upon the souls of the free
A breath of life springs
true abundance
Bestowing all that need be

Verse IV:

Lakshmi's soul
is life's inferno
earthly winds rise and fall
Every breath
she gives eternal
offering life to all
