

Wake:

Verse I:

Wake from reality
Wake from your dream
Wake from the fear
That is tearing at the seams
 Of the world
 Be the world
Awaken your passion
Awaken your light
Awaken your future
Wake to heighten your sight

Bridge:

To choose not to choose
Is to choose not to live
We shall never lose
When we choose to forgive
In a world full of fear
Our choice is easy to give
'Cause we all have a choice
And it needs to be lived

Verse II:

Wake from the chaos
Wake from the war
Wake from the reasons
Money's worth fighting for
 In the world
 Share the world
Awaken ahimsa
Escape from your prison
Awaken inner peace
Awaken your vision

Chorus:

Wake now and listen
Wake now and give
Wake now discover
The reason you live
Wake now and wonder
Wake now and find
Wake now discover
The freedom inside

Coda:

Wake Awake
Waken the divine
Wake Awake
We are all divine
